## Ex. 6 PP Public Involvement Advisory Group

**Subject:** Meeting call in information and agenda  
**Attachments:** BPSOU Health Study Dec 9 draft executive summary.docx; Public health statement Pb jg.docx  
**Flag:** Follow up

Hi All,  
Per Josh's second email, we will maintain the 6pm start time.  
So, I just resent the invitation with an agenda. I am also sending the call in info and agenda notes in this email for those who may not have gotten the calendar invitation. Note that I have now added Dana Barnicoat from Epa to our email list.

### Agenda

I had committed to sending a revised draft report prior to this meeting. Due to some personal issues, I have not met that commitment.

Instead we will begin this evening with Charlie's presentation on the meconium study and then discuss sections of the report and communications planning.

I have attached my latest version of the executive summary (this is a 3 page version based on my draft public health statement) and the latest public health statement just sent by Joe.

I will also work today on a revised recommendations section for the report and share some of that on the call if time permits.

Regards,  
Roz

**Subject:** RE: Meeting Time  
**Importance:** High

Thank you, Steve –

Understandably. After speaking with some others this was perhaps a hasty decision on my part.

**We will maintain the originally scheduled meeting time for tonight's meeting.** All meetings moving forward will be moved to late afternoon. Please look for a revised meeting invite from Roz with an updated agenda and call-in for this evening.

**Ex. 6 PP Public Involvement Advisory Group**

**Subject:** Re: Meeting Time

This last minute change is quite unwelcome at this stage of the project where development of the public health statement benefits greatly from CTEC involvement and because I will not be able to make it.

Hello everyone,

I'm requesting that this evenings and all future meetings be held during regular business hours. Understandably, this will disrupt schedules of some and I apologize for that inconvenience.

You will be seeing a revised meeting invitation for this afternoon, moving the meeting to 4:00 PM MST. Hopefully beginning the meeting in the late afternoon will provide flexibility for most everyone to attend all or at least part of the meeting.

Thanks,

**Josh Bryson, PE, PMP**
